

PUBLIC OPEN HOUSE

The Town of New Baltimore, in partnership with the New York State Department of Transportation, invites the public to participate in the first public meeting for the NY Route 144 Complete Streets Study, covering the section of NYS Route 144 between Gill Road and the Town border at the Greene-Albany county line.

The study aims to identify potential changes and enhancements to transform that segment of NY Route 144 into a safe and accessible corridor for motorists, pedestrians, and bicyclists. The purpose of this meeting is to review and discuss with the public the existing conditions and safety issues that have been identified.

Come to learn about the study and share your thoughts with us!
